Dear Harold and Lil,

Enclosed please find photocopies of interest.

How are you both doing? I hope you are both as well as possible.

Sorry I've been so out of touch recently. Had lots of things going on and have had to make some major changes in my life. I always think of you both quite often though. It was good to able talk to you on the phone when I had called recently.

For reasons to numerous to go into here I've had to leave my job. Due to politics and other reasons they had refused to promote me and make me supervisor of the school's paint shop. My situation reminds me of yours when you had left your government service to begin your career with your farming. I've gone back into the painting business for myself. Have a $700,000 house to work on for the immediate time being. There was no way around my not leaving my job at the schools. I think you can draw parallels to my situation when you compare it with what happened to you when you worked for the government. It is a scary move to make with a house and 3 young kids as I now have to pay for my own medical insurance but I've been working hard every day since I left over 2 weeks ago.

Began reading Never Again again. Excellent writing. You should be proud of what you've been able to do with your life regarding the writings of all your books.

Went to the library during this paST WEEk to reserve copies of Gus Russo's book and the book Dale Myers has written on the Tippit killing. Is there anything that you can tell me regarding these books? I'd appreciate anything.

I was also wondering what you've been up to recently regarding writing and walking with your health enabling you to be able to do what you'd like.

If your up to it would like to come down one time soon to see you both again. I do hope that you both are as well as possible.

Sincerely,

Scott Wilson
